Govt of India has conducted the survey to find the cleanest city of the country. According to this survey, Indore has been ranked as the cleanest city. Bhopal bagged no. 2 slot whereas Visakhapatnam and Surat have clinched 3rd and 4th slots respectively. Gonda District of UP has emerged as the dirtiest city of the country. There were total 434 cities which participated in this competition.

Under this programme, all the B.Tech students had to participate. Even Lecturers were the essential part of this drive. As a part of this Cleanliness Drive, we had to clean the whole College. The sweepers of the school had to be the observers.

Our Principal started the programme by cleaning the corners of the play ground. Then the teachers and students followed suit. Some of us picked brooms and started our job. Some of the students did the dusting of the rooms. And others went to the play ground and started picking wrappers lying scattered there. After collecting them they threw them in to the dustbins. After doing this job for two to three hours, we all assembled in the school hall. There we were given refreshment in the form of bananas and apples.

Thereafter our Principal delivered the speech telling us the importance of sanitation. He also honored the sweepers of the college for their noble job. In the end we all took oath of keeping our home, locality and city clean. It was a unique experience for all of us. We were curious to be the part of this great drive that could have transformed the face of our country for ever.
