## ABOUT the Department

The ECE department started in the Year 2008 with the intake of 60 students and intake increased from 60 to 120 in 2009, later expanded 120 to 180 in 2012. Right from inception principal Dr.Y.V.Narayana him self lead the team. The goal of the department is to make the students fundamentally strong in the field of Electronics & Communication Engineering. The department has good infrastructure and excellent placement records, thirty eight students of the recently passed out batch (2016) were placed in reputed companies like TCS, NTTDATA, MIND TREE, Capgemini etc.

The department focuses on quality teaching, training and research activity among staff and students. Student development activities like National level workshops, National level student symposia and seminars are conducted regularly to inculcate research activity and expose the student community to external world.

The department has experienced faculty members with quality teaching. All staff members work with great enthusiasm and commitment towards all round brilliance of students. The department is encouraging students to participate in various co-curricular events, sports and motivates the students in helping poor and needy.

## VISION:

To become a centre for academic excellence by producing high quality engineers in Electronics & Communication Engineering with global competence empowered by technical expertise, innovation, research and the knowledge of cutting edge technologies, employability, higher education, entrepreneurial skills along with socio-ethical and eco-friendly values for the rural development

## MISSION:

To develop the high quality Electronics & Communication Engineers with the fundamental engineering principles, intellectually adept, professionally deft, innovative research capabilities, exemplary skills, technological progress of mankind, tracking technological environment by providing the high quality instruction, infra, faculty, modern teaching and learning methods, training with socio-ethical and entrepreneurial values as the inner strength for the rural development.

## PEO'S

- 1. Preparation:** To strengthen the learners with fundamental knowledge in the concepts of Engineering Mathematics, Applied Science and Basic Electronics Engineering subjects for problem analysis, comprehend to develop solutions for new hardware, software and other tools in Electronics & Communication Engineering field.
- 2. Core competence:** To enable the learners with core curriculum knowledge in theory and practical of Electronics & Communication Engineering to develop the innovative skills, critical analysis, design, simulation, investigation of complex problems, reasoning, development & testing knowledge for offering solutions to real time problems related to globally evolving techno-corridor developments of Electronics & Communication Engineering.
- 3. Breadth Knowledge:** To enable the learners with breadth knowledge to build the Electronics & Communication Engineering professionals to have the team work and skills for developing communicative abilities, lifelong learning and aptitude of project management & finance with entrepreneurial values for rural development.
- 4. Advanced Professional knowledge:** Implementation of multi-disciplinary approach, development of the R&D skills by MOUs with premier industries and institutions, interacting with training sessions and industrial visits to the learners to have awareness in latest trends of Communication, Networks, Signal processing etc... with the modern tools and modules compatible to escalating needs of the society.
- 5. Career Development and ethics:** To enable the learners with the aptitude of competitive knowledge of real time requirement of cutting edge technologies for promoting employability, higher education by imbining ethical, social and eco-friendly values.

## PROGRAM OUTCOME (POs)

### Engineering Graduates will be able to:

- 1. Engineering Knowledge:** Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.
- 2. Problem Analysis:** Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.
- 3. Design/development of solutions:** Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.
- 4. Conduct investigations of complex problems:** Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.
- 5. Modern tool usage:** Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations.
- 6. The engineer and society:** Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.
- 7. Environment and sustainability:** Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.
- 8. Ethics:** Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.

**9. Individual and team work:** Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.

**10. Communication:** Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.

**11. Project management and finance:** Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.

**12. Life-long learning:** Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

### PROGRAM SPECIFIC OUTCOME (PSOs)

**PSP01:** Should have the capability to comprehend the technological advancements in the usage of modern design tools to analyze and design subsystems/processes for a variety of applications in Electronics & Communication Engineering.

**PSP02:** An understanding of social-awareness & environmental-wisdom along with successful career and to sustain passion and zeal for real-world applications using optimal resources as an Entrepreneur.

**Message From the Director:** It is a great pleasure for me to know that Department of Electronics & Communication Engineering Of TIRUMALA ENGINEERING COLLEGE Institute of Technology is going to publish their departmental Newsletter department. I do hope this will cultivate and inspire all the faculty, staffs and students and education lovers curious about this It will also create a platform for curious persons. I wish its successful propagation.

**Message From Principal:** I have a great pleasure in expressing my thoughts as the Principal of Tirumala Engineering College. Our institute holds the manifold distinction of being amongst the best when one considers the present status of technical education today. Our teachers are invited as resource personnel at national and international seminars, conferences and symposia in India and abroad. I wish the best for all our staff and students who reiterate their aims at providing the best in academic and extra-curricular fields. It is my pleasure in congratulating the editorial board on this pleasant occasion of releasing the newsletter. It is great to find a considerable number of winners and participants in co-curricular and extracurricular activities which certainly prove that our staff and students are adequately equipped and possess necessary skill-sets to bring such laurels to the institution. I wish that this number may grow in the years to come. I am sure that publishing a newsletter of this sort containing the achievements of the wards will be recognition to them and I wish them all the very best for future endeavors.

**Message From Editor:** It is a matter of great pleasure that I was given the opportunity to work on the different activities of student and faculties, events, newsletter will encourage students to use it as a platform to of Technology is going to publish their departmental Newsletter I do hope newsletter will encourage students to use it as a platform to convey their creativities.

**Message From Chief Editor:** It is a matter of great pleasure that I was given the opportunity to work on the different activities of student and faculties, events, newsletter will encourage students to use it as a platform to of Technology is going to publish their departmental Newsletter I do hope newsletter will encourage students to use it as a platform to convey their creativities.

**Message From Student Co-Ordinator:** Hello Readers! It is with immense pleasure that we, on behalf of the ECE department, present magazine! The Magazine is a repository of intriguing articles by students, faculty and alumni alike on their achievements and experiences in co-curricular and extra-curricular activities collected in one place for the readers to revel in. We hope you enjoy the contents of this edition as much as we enjoyed putting it together! This edition, compiled in the midst of an unforgiving pandemic would not have been possible without the support of our faculty in-charge, who guided and mentored us during the entire duration, and the Impulse Content & Design team, who worked against impossible deadlines to make this magazine a reality. This edition, unlike any other, has been crafted with love by the editorial team of 2019 and 2020. We're extremely grateful to our seniors for their guidance, valuable insights and contributions. We would like to extend our heartfelt gratitude to each and every one of them for all the hard work they put in, making this edition a grand success. This last year has been extremely challenging for all of us. However this pandemic has time and again demonstrated the human tendency to fight back and emerge stronger. Here's to hoping that the situation eases soon, so we can meet in person at our beautiful vibrant campus very soon!

## CURRICULAR ACTIVITIES

### WORKSHOPS

- Organized one week workshop on PCB Design by Mr. M. Umamaheswara Rao, Ms. D. Chandi Rani in association with APSSDC during 08-11-2021 to 13-11-2021. Totally 180 members are joined to this workshop.
- Organized one week workshop on METHODOLOGY OF EMBEDDED SYSTEMS DESIGN & IOT for 3rd year students by Mr. V. Govindarao during 29/11/2021 to 03/12/2021. Totally 184 members are joined to this workshop.
- Organized one day workshop on SUSTAINABILITY for 2nd year students by Goli. Varsha Vishwanath on 16th March 2022 in Association with Mahatma Gandhi National Council of rural Educational, Dept. of Higher Education. Totally 184 members are joined to this workshop.

## GUEST LECTURES

- ✦ A Guest lecture was arranged for 1st Year B.Tech students by Mr. Perlekartamon "Basics of Electronics and Electrical Circuits" on 7th Jan 2022.
- ✦ A Guest lecture was arranged for 3rd Year B.Tech students by Dr. S. Pavan on "Micro Processor and Micro Controller" on 20th Feb 2022.
- ✦ Guest lecture was arranged for 2nd Year B.Tech students by CH.KANAKAIA on "Signals & systems" on 26th November 2021

## TRAINING PROGRAMS

- ✦ We organized Internal hackathon for smart india hackathon 2022 on 13/04/2022 for second year students. In our college

## GATE QUALIFIED

- ✦ It is well known that GATE is the diagnosis test to check the knowledge level of an engineering student. We feel proud to share that every year our students get qualify in this prestigious examination.

**- Harish Narisetty secured gate rank**

## INDUSTRIAL VISIT

- ✦ Industrial visit was organized for the 3rd year students Sathuluru on 08-01-2022 to improve their concept of applying the theoretical knowledge in the relevant field of industrial need.

## PROFESSIONAL BODY IETE

IETE student forum was inaugurated on 6-2-2013. Dr. M Kamaraju, Professor and HOD of ECE department, Gudlavalleru Engineering College was the chief guest. He expressed his happiness encouraged our faculty members and students to join IETE. Our faculty members and students got enrolled in IETE. IETE membership provides support for continuing research work, attending work shops.

The Association comprises of President from final year, Vice-President from pre-final year, Secretary from second or first year and Treasurer from third year. The association conducts the a faculty representatives.

**This year 77 member are joined in professional body memberships**

- ✳ Dr. D. Krishna, Assoc. Professor, Dept. of ECE successfully completed STC on “Application of Machine learning to wireless communication” organized by IIT-Bhubaneswar during Jan 21st to 24th, 2022
- ✳ Dr. D. Krishna, Assoc. Professor, Dept. of ECE participated in 06 hour online program on System design using Verilog HDL” organized by NIELIT CALICUT during 18th -20th May 2022
- ✳ Dr. D. Krishna, Assoc. Professor, Dept. ECE Participated National Level one day workshop on “Intellectual Property Raights (IPR)-Patent & Designs Process on 25/02/2022 organized in association with RGNIPM.
- ✳ Dr. D. Krishna, Assoc. Professor, Dept. of ECE participated ATAL FDP on “ Block Chain Technology from 28th Feb to 04th March 2022, organized by IIT-Dharwad.

## TEACHER’S DAY

TEC has organized an event on the occasion of teacher s day which is known as birthday of Dr.sarvepalli Radhakrishnan the event was held at the Maxwell seminar hall on 15/09/2021. The managent and principal used to appreciate the faculty members who has given maximum efforts as best teacher award and incentives.

- ✳ Mr.G.V.Hanuma Asst.proffesor in the department of E.C.E received BEST TEACHER AWARD.
- ✳ On this same day Mr.K.Ravi babu ,Mrs.G.Suseelamma promoted as Assoc.profesor

**National Service Scheme Unit Activity:** from the department of ECE organized NSS camp for providing covid-19 vaccination for students and staff on 24/2/2022.
