Title of the Event	Blood Grouping Camp
Event Start Date:	22-11-2022
Event End Date:	22-11-2022
Number of participants	625 student participants and 20 NSS Volunteers.
Description	<p>Under Sensitizing students Programs initiative Tirumala Engineering College Unit 1 & 2 conducted Blood Grouping Camp. Principal Dr.Y.V.Narayana garu, NSS Programme Officers Mr.D.Hanumantha Rao and Dr.K.Kanthi Kumar, 625 student participants and 20 NSS Volunteers. involved in this program.</p> <p>Blood grouping camps are free events that provide people with important information about their blood.</p> <p>Blood Groups:</p> <p>Although all blood is made of the same basic elements, not all blood is alike. In fact, there are eight different common blood types. Which are A+ve, A-ve, B+ve, B-ve, AB+ve, AB-ve, O+ve, O-ve.</p> <p>Why is it important to know your blood group?</p> <p>Knowing your blood type is like an ID for you and for everyone.</p> <ul style="list-style-type: none"> • Life is full of risks and accidents, so as when someone get injured from a situation, if he/she still conscious he/she will tell the doctor his blood type, and so they won't waste time in knowing it. • If someone from the family had an accident, and he needs blood transfusion immediately or organ transplantation, you could donate blood to him/her without wasting time, if your blood type was suitable. • Having a database of 3000 students from VJIT will be helping each and every one. • Any requirement during an emergency, HITA will be just one call away to help them in identifying the donor
